Item 6.05 Securities Act Updating Disclosure

The tables set forth in Sections A and B of Item 8.01 summarize the trust portfolio by various criteria as of the date specified therein.

Item 8.01 Other Events

Prior to January 1, 2016, Discover Bank transferred Discover Card receivables existing in designated accounts directly to Discover Card Master Trust I (the “Trust”). On and after such date, Discover Bank began and will continue to instead transfer such receivables to Discover Funding LLC pursuant to the Receivables Sale and Contribution Agreement, dated December 22, 2015, between Discover Bank and Discover Funding LLC. Discover Funding LLC has and will continue to transfer the receivables it receives from Discover Bank to the Trust pursuant to the Third Amended and Restated Pooling and Servicing Agreement dated as of December 22, 2015, as amended (the “Pooling and Servicing Agreement”), between Discover Bank, Discover Funding LLC and U.S. Bank National Association, as Trustee. Capitalized terms used in this Item 8.01 and not defined herein shall have the meanings given to them in the Pooling and Servicing Agreement, which is on file with the SEC.

As of March 31, 2020, the Receivables in the Accounts designated for the Trust totaled \$29,148,636,172.99 and the total number of Accounts was 14,609,110. Also, as of March 31, 2020, the average account balance was \$3,188 (using 9,144,365 active accounts designated for the Trust for which cardmembers had a balance, a monetary transaction, or authorization within the past month), and the average credit limit was \$12,771.

A. Current Composition and Distribution of the Accounts

In this Section A, we have set forth additional information below about the Accounts that are designated for the Trust.

Geographic Distribution. As of March 31, 2020, the following nine states had the largest Receivables balances and comprised over 50% of the Receivables:

<u>State</u>	<u>Percentage of Total Receivables</u>
Texas	8.6%
California	8.0%
New York	6.5%
Florida	6.0%
Illinois	5.7%
Pennsylvania	5.4%
Ohio	4.4%
New Jersey	3.7%
Georgia	3.0%
Other States	48.7%
Total	<u>100.0%</u>

Since the largest amounts of outstanding Receivables were with cardmembers whose billing addresses were in Texas, California, New York, Florida, Illinois, Pennsylvania, Ohio, New Jersey and Georgia, adverse changes in the business or economic conditions in these states could have an adverse effect on the performance of the Receivables.

Distribution of the Accounts by FICO® Score. A FICO® score is a measurement derived from a proprietary credit scoring method owned by Fair Isaac Corporation to determine the likelihood that credit users will pay their bills. Although Fair Isaac Corporation discloses only limited information about the variables it uses to assess credit risk, those variables likely include, but are not limited to, debt level, credit history, payment patterns (including delinquency experience), and level of utilization of available credit. FICO® scores for any one individual may be determined by up to three independent credit bureaus. In determining whether to grant credit to a potential account holder, Discover Bank uses a FICO® score as reported by one particular credit bureau. Therefore, certain FICO® scores for an individual account holder based upon information collected by other credit bureaus could be different from the FICO® score used by Discover Bank. FICO® scores of an individual may change over time, depending on the conduct of the individual, including the individual's usage of his or her available credit, and changes in credit score technology used by Fair Isaac Corporation.

FICO® scores are based on independent, third-party information, the accuracy of which we cannot verify. Discover Bank does not use standardized credit scores, such as a FICO® score, alone to determine the credit limit or other terms that are approved or applied on an account. Rather, a FICO® score is one of many factors used by Discover Bank to assess an individual's credit and default risk prior to initially approving an account or changing the terms of an account. To the extent available, FICO® scores are generally obtained at origination of the account and monthly or quarterly thereafter. Because the composition of the Accounts designated for the Trust may change over time, this table is not necessarily indicative of FICO® scores at origination of the Accounts or the composition of the accounts in the Trust at any specific time thereafter.

The following table reflects the Receivables as of March 31, 2020, and the composition of Accounts by FICO® score as refreshed during March 2020:

<u>FICO® Credit Score Range⁽¹⁾</u>	<u>Receivables Outstanding (\$000)</u>	<u>Percentage of Total Receivables</u>
No Score	\$ 31,525	0.11%
Less than 600	\$ 1,061,921	3.64%

B. Payment and Balance Reduction Rates

In this Section B, we have set forth additional information regarding payment and other balance reduction experience of the Accounts for the noted periods.

Minimum Monthly Payment and Full Balance Payment Rates. Discover Bank calculates the monthly rate of cardmembers that made payments equal to the contractual monthly minimum payment due (but less than full payment), and the monthly rate of cardmembers that paid the full balance per their statement as a percentage of the total Accounts in each case as of the beginning of the month. The rates below are the monthly rates for the Accounts as of the month ended March 31, 2020.

	<u>Month Ended March 31, 2020</u>
Minimum Monthly Payment Rate.....	7.15%
Full Balance Payment Rate	25.01%

Balance Reductions. The Accounts designated for the Trust may have balance reductions granted for a number of reasons, including merchandise refunds, returns, and fraudulent charges. As of the three months ended March 31, 2020, the average monthly balance reduction rate for the Accounts designated for the Trust attributable to such refunds, returns and cardmember fraud was 0.67%.

C. Static Pool Information

The following tables set forth static pool information for the receivables in the Trust for the periods shown. Performance data presented in this Section C reflects only the performance of the accounts that were designated for the Trust during or prior to the specified time period, starting from the date such account was designated for the Trust.

As used in this Section C:

- Total Receivables Outstanding represents any amounts owed by the obligor, including, without limitation, amounts owed due to cash advances, finance charges, fees, other charges and as payment for goods and services. Total Receivables Outstanding does not include amounts owed under a charged-off account.
- Total Receivables 30+ Days Delinquent includes principal, finance charges and fees/other charges owed by obligors who are at least 30 days past due.
- Principal Receivables Outstanding includes all receivables other than Finance Charge Receivables.
- Finance Charge Receivables includes the net amount billed during the month as periodic finance charges, fees and other charges, in each case, net of write-offs.
- Net Principal Charge-Offs equals the amount of principal receivables in accounts that became charged-off accounts, net of collections received on previously charged-off principal receivables.
- Total Payments equals all payments made by or on behalf of the obligors on the accounts received in respect of the Total Receivables Outstanding.
- Finance Charges and Fees represents the net amount billed in the prior month as periodic finance charges, cash advance item charges, late and other fees, in each case, net of write-offs and including any recoveries of such amounts.
- Origination Year is the calendar year in which the account was opened.
